

Guidelines for the 2019 ACS BIOT

Alan S. Michaels Award in the Recovery of Biological Products

Sponsored by the Recovery Conference Services

Deadline: August 1st, 2018

Purpose:

To recognize outstanding research and practice contributions toward the advancement of science and technology for the recovery of biological products.

Nature:

The Award consists of a plaque and a total amount of up to \$4,000 to cover honorarium and related travel expenses to attend an annual meeting of the Division of Biochemical Technology (BIOT) of the American Chemical Society and is presented by BIOT at an annual meeting. A technical address by the recipient is part of the Award Ceremony. The Award was established in 2006 by the Recovery of Biological Products Conference Series that Dr. Alan Michaels helped to start in 1981. The Alan S. Michaels Award is granted in years that alternate with the Recovery of Biological Products Conferences (www.recoveryconferences.org). The first Award will be granted for the September, 2006 meeting of the American Chemical Society.

The Recovery Conference Series is the biennial forum for presentation and discussion of the status, direction and trends in the recovery of biological products. The Conferences are an international crossroads where academia meets industry in the pursuit of cutting edge, trans-disciplinary science and technology. The meetings are characterized by active participation, the dynamic exchange of ideas and views on nascent and emerging technologies and the discussion of future impact of peripheral sciences on the industrial application of recovery technologies.

Eligibility:

The nominee, from academia, industry or a non-profit/government organization, shall have accomplished original research and/or technical leadership that has exceptionally significant impact upon the isolation and purification of biological products.

It is expected that the award recipient will register, and attend the ACS BIOT conference and deliver an award lecture.

Procedure for Nomination:

All BIOT Division members are encouraged to submit nominations. **The deadline for nominations is August 1st.** The form provided below should be completed and sent by email (only) to the the address listed on the form

The Sponsor Must also Submit:

- a) A complete description of the nominee's research and leadership contributions for which the Award is intended. (3 pages or less).
- b) Curriculum vitae including publication list. (25 pages or less)
- c) Letters of endorsement of the nomination by two additional persons. Letter writers should write for only one Michaels Award nominee in a given year. (2 pages or less for each letter)

Selection:

The awardee is selected from among the nominees of a committee of prior recipients and senior members of the Recovery of Biological Products community convened by the BIOT Division Awards Chair.

2019 Alan S. Michaels Award in the Recovery of Biological Products

Nomination Form

Sponsored by the Recovery Conference Services

Deadline: August 1st, 2018

Sent by email (only) to:

Professor Todd Przybycien, Rensselaer Polytechnic Institute

ACS BIOT Awards Chair

c/o: Ms. Brandi Rubino <brandi.rubino@sjsu.edu>

1. Name of Nominee: Present Position (exact title):

2. Mailing Address:

3. Status in American Chemical Society:

Member

Affiliate

4. Education:

Institution

Degree

Year

Major field

5. Positions Held:

Company or Institution

Position or Title

Time Period

6. Academic and Professional Honors (include awards, membership in honorary societies, prizes, etc.):
